Podcars – climate friendly transportation!

Time: Saturday, 12 December 15.00 – 16.00

Location: Hall C6 – ICLEI office, Bella Center

Come, watch, listen and discuss Podcars and climate friendly transportation!

A third of the greenhouse gases are caused by transportation. Podcars exist now! Some tracks are running and several are on their way.

KOMPASS is a network of local governments promoting information, discussion and financing of podcar/PRT pilot tracks.

Descision makers, media and all interested are most welcome!
